

## **HOW TO ADD A CTC ICON TO THE ANDROID HOME SCREEN**

**Bookmark [www.coachtransitcomponents.com](http://www.coachtransitcomponents.com) your phone's default browser.**

**You will be redirected to the mobile site.**

**From your Android's home screen, where you would like to add the bookmark icon, long-press (press and hold unoccupied space with your finger for about 2 seconds).**

**From "Add to Home Screen", select "Shortcuts".**

**You are done!**
